ANNEXURE 2

A: Eligibility:

- All women pensioners covered under social pension Schemes sponsored by Govt. Of India and/or State Govt.—(all social pension beneficiary accounts are already computerised)
- minor girl child/children of above category of beneficiaries
- Women residing in Govt. homes, who are not pension holders, neither BPL Card holders, but who are "Niraashrith". For this category the District Probation Officer of the Dept. Of Women’s Welfare would issue a certificate in prescribed format. (procedure for this would be issued by WCD.)
- Girls child Inmates of Govt./Non- Govt. run children homes/special homes/after care homes/observation homes established under the JJ Act. For this category the District Probation Officer of the Dept. Of Women’s Welfare would issue a certificate in prescribed format. (procedure for this would be issued by the Dept. Of Women’s Welfare)
- Any other category as decided by the State Monitoring Committee.

B: Provision of medical facilities for above category of beneficiaries

1. To provide cash-less treatment (including reconstructive procedures), as is necessary, for beneficiaries of above categories, addressing healthcare issues which adversely impact their socio-economic empowerment. Such issues include, but are not limited to:

- Reproductive and sexual disorders
- Sexually transmitted infections
- Malignancies commonly seen in women
- Geriatric care
- Psychological counselling and psychiatric disorders
- Congenital birth defects causing disfigurement
- Eye care

2. Treatment to be provided at all State Government health care institutions and Hospitals including autonomous bodies in the State, as under:
First level treatment:

a. State Govt. hospitals, CHCs/PHCs, and other medical units under Provincial Medical Health services.

b. Government Medical Colleges in Uttar Pradesh (Agra, Allahabad, Azamgarh, Gorakhpur, Kanpur, Kannauj, Jhansi, Meerut, Saharanpur)

• Referral Medical Institutions:

b. Other centres: AMU Aligarh, BHU Varanasi. (after accreditation of these institutions by the Dept. of Medical Education)

3. To provide monetary support for such treatment (as is essential for the full and complete recovery of the victim) that is not available in the institutes in the state sector but may be available in other government institutes or leading duly accredited private sector hospitals anywhere in the country.

4. Services covered under the Fund and procedures are as in Annexure 1.
